

**A NIGHT OF CHANUKAH
TO SAVE DACA**

Lighting the Way for Dreamers

**A NIGHT OF CHANUKAH
TO SAVE DACA**

Lighting the Way for Dreamers

Dear _____,

I am writing to urge you to immediately support bipartisan legislation that will include all the protections currently provided under DACA and allow Dreamers to continue to live full lives in our country. Dismantling the DACA program goes against my values as both an American and a Jew since both traditions teach us to welcome the stranger and stand with the vulnerable.

I hope that you will carry the light of the season and use it to promote Congressional action that protects Dreamers who want nothing more than to live peacefully and productively in our country.

Sincerely,

Address:
